If there are other inquiries around these type of chemicals, can you give me a heads up or cc'?

Subject: Status of discontinued Manganese IRIS assessment

Hi Mike and Tom,

I'm working with Dahnish to gather information on previous IRIS assessments that have been nominated for PPRTVs this year. Could you let me know the status of work on manganese before it was discontinued? We are looking for a few sentences on where the assessment was when it was halted, i.e., how much of the assessment was completed and what was remaining to do.

Could you get this information to me no later than this Friday (June 7th)?

Thank you,

Madison McGovern
